August 13, 2018

To our Tiffin Motor Home customers,

For the past several years we have had the luxury of being able to offer our customers the ability to freely visit our production facilities without boundaries or supervision. After a recent audit by our insurance carrier, we have been asked to discontinue the practice of allowing guests not employed by Tiffin Motor Homes, its subsidiaries, or suppliers, in the production facilities and grounds other than during our guided daily tour.

While we value the relationships with our customers that these visits have afforded us in the past, of greater value to us is the safety of our guests and employees while on our premises. As of December 1, 2018, we will no longer allow visitors at any of our production facilities or general grounds, other than our guided weekday daily tour that starts at 9:30. Visits to our corporate office will always be welcomed as they have in the past.

We do appreciate your support and understanding in this matter.

Sincerely,

A handwritten signature in black ink that reads "Bob Tiffin". The signature is written in a cursive style with a long, sweeping underline.

Bob Tiffin
