

## Enhanced Safety

- Steering assist adapts to driving conditions including road crowning and crosswinds for safer operation at highway speeds.
- Better handling and directional control in adverse road conditions.
- Enhanced drivability and maneuverability.

## Comfort & Confidence

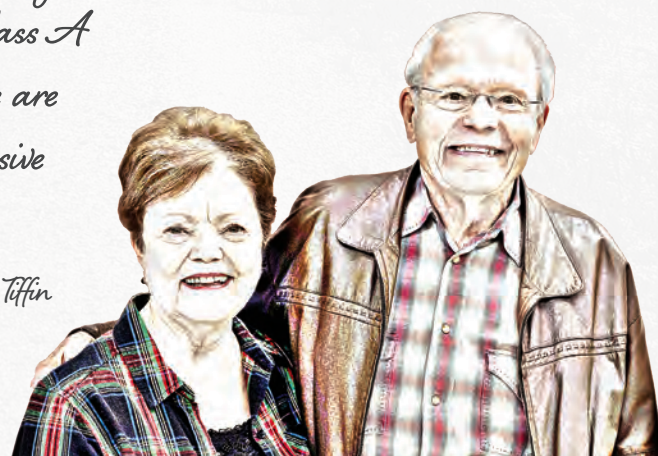

- Powered steering assist reduces driver fatigue.
- Steering automatically returns to the center, for smooth operation.
- Powered tilt and telescoping column control.

Customer position memory on Zephyr only.

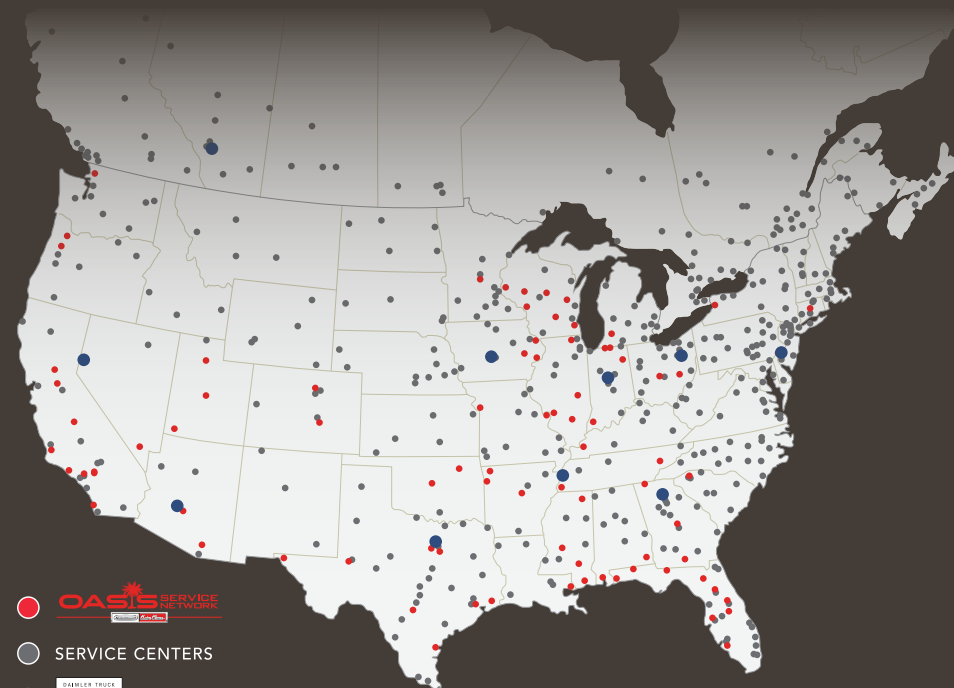

*"PowerDrive has completely transformed the Tiffin Class A driving experience—these are the smoothest, most responsive coaches we've ever built."*

*—Bob & Judy Tiffin*

**POWERDRIVE**

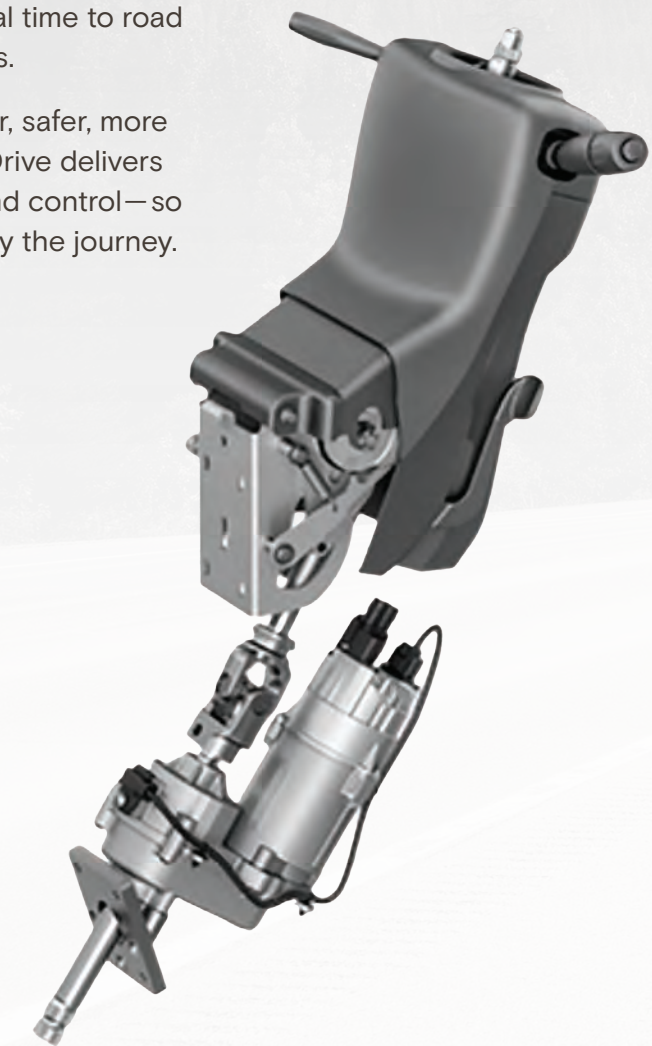

INTRODUCING

**POWERDRIVE**

Putting Performance  
in the Driver's Seat.

**PowerDrive** strikes the ideal balance of power and performance for a seamless driving experience. Its electronic motor delivers torque assist to the hydraulic steering system, giving you power at your fingertips. At the same time, integrated sensors monitor torque, steering input, and vehicle speed—adapting in real time to road conditions and hazards.

The result? A smoother, safer, more confident ride. PowerDrive delivers unmatched comfort and control—so you can relax and enjoy the journey.

Custom Steering Configuration and Extended Frame Rails

Tag Axle Only

A

Cummins L9 Engine offers 450HP / 1,250 lb.-ft. torque.

Cummins X15 Engine features 605HP / 1,950 lb.-ft. torque with a hitch rating up to 20,000 lbs.

B

Precision-tuned tag axles follow the ideal turning path, eliminating tire scrub and reducing curb-to-curb turning radius by up to 17%. UltraSteer is rated at 14,000 lbs.

C

The V-Ride rear suspension is rated up to 24,000 lbs., increasing luxury amenities and cargo capacity while greatly reducing body roll.

D

The Super Raised Rail delivers maximum basement storage and a flat coach floor from end to end; 5/16" rail with 5/16" liners.

E

Ergonomic steering wheel and column-mounted controls are paired with OptiView's all-digital gauge display in the center console to create a more automotive-like feel.

F

Fully integrated with the Optiview digital dash, RoadWatch features: Roll Stability, Traction Control, Collision Mitigation and Adaptive Cruise Control.

G

Adjusted the shock valving for a balanced ride—stiff enough to avoid impact but soft enough to prevent bouncing. These custom shocks offer +/-3" suspension travel for optimal road handling.

H

The PowerGlide XC/SL Chassis features an independent front suspension for sharper turning and better handling.

I

All-wheel disc brakes eliminate brake fade and provide smooth, responsive performance for complete confidence when slowing or stopping. Available on PowerGlide SL only.

J

Valid's Trueline Leveling System uses a touchscreen one-step leveling system, removes chassis twist, has a Tank Tilt feature to facilitate tank evacuation and advanced diagnostics for quick and easy troubleshooting.

+

PowerGlide XC and SL chassis come with an industry-leading 5-year/100,000 mile warranty—a higher standard of coverage and confidence.
